Financial Assistance Program

Financial Assistance Membership Pricing Overview

Q: What is financial assistance membership pricing?

A: Financial assistance membership pricing is the YMCA's rate structure designed to help fulfill our mission of putting Christian principles into practice through programs that build healthy spirit, mind and body for all.

Q: Who is eligible for financial assistance pricing?

A: If our current membership rates are unaffordable for your household, you may apply to receive a reduced rate. The ability to award subsidy for membership rates is based on the National Poverty Guidelines and household size. In order for us to determine if we can provide assistance for you, please provide the required documents for review. The following people are eligible to be on your membership: you, your spouse, your children under age 19, your children age 19-23 that are currently enrolled as a full-time college student (verification required). Please be aware that any other family members/friends living in the home will need to apply for their own membership.

Q: What documents are necessary to complete my financial assistance application?

A: To receive a rate adjustment, you must present proof of income PLUS a current tax return for each adult member contributing income to the household, along with 30 days of your most recent pay stubs (if working). Income verification is required at the time you apply and annually thereafter. Accepted tax return documents include IRS federal form 1040, 1040A or 1040EZ. If you are not required to file taxes, you must provide verification of non-filing, which can be obtained for free by calling 1-800-829-1040 or visiting <http://www.irs.gov> and clicking on "Order a Tax Return or Account Transcript". Copies of financial documents provided by the applicant will be destroyed once the application has been processed.

Q: What happens if I don't want to provide my financial documents?

A: Regular rates will apply. No adjustments can be made to your membership rates without the required documentation.

Q: What if my circumstances have changed since I filed my tax return?

A: We understand that a tax return may not reflect current circumstances; divorce, job loss, medical expenses or other situations may not be reflected in your tax document. In such cases, someone in the membership office will work one-on-one with you for possible re-evaluation.

Q: How long does the approval process take?

A: Only complete applications with required documentation will be processed. Applications may be submitted at our Welcome Center or mailed to our facility at 1111 North Vermilion Street, Danville, IL 61832 Attn: Membership Office. If you qualify, you will be notified by US mail within 10-14 business days of submitting the completed application and financial documents.

Q: How are funds provided?

A: As a non-profit organization, financial assistance funds are made available to the YMCA through a variety of contributions and proceeds, including our annual campaign.
